

STRUCTURED FEEDBACK REPORT

Two sets of questionnaires were developed in Google form with 08 questions and 09 questions respectively each given to students and faculty members of the college. The feedback survey was completed by 13 faculty members and 41 students in total.

According to the results, a sizable portion between 65% to 85% of the students are satisfied with the course material, admissions procedure, evaluation, and other campus amenities. As per the feedback survey result of the faculty members 80% to 90% are satisfied with the overall academic as well as administrative functioning of the institution. However the teaches have suggested for improvement in facilities in sports, IT, Library etc. Some suggestions from students have also come in wherein they have requested/suggested for infrastructural development by construction of separate Library Block, Hostel, IT department alongwith sports arena. Besides, some of the students have also come up with a suggestion that the academic time allotted should be same for all the semesters.

ACTION TAKEN REPORT BASED ON THE STUDENTS AND TEACHERS FEEDBACK

The IQAC has taken the suggestions of the students very seriously in this respect they proposed to take up the matter for infrastructural development with the college administration, however the college administration on suggestions of the college IQAC has upgraded the sports accessories, IT facilities like Interactive Panels in the classrooms alongwith BSNL wifi internet and seating arrangement etc. Whereas, the request for uniformity in the time frame of the academic session of each semester is in the hands of the Affiliating University. For college progression and development the college IQAC proposes to take up the matter with the affiliating University through college administration.

Concerned Department

1. IQAC Cell
2. Examination committee
